Dear Dr Issa.

Thank you very much for this. It made my dat. Got very happy. This is excellent clinical science. You should try to do the controlled trial yourself. Keep on with this good work.

Good weekend to you

Karl

Dear Prof Fagerstrom,

Thank you for your interest in our work. Please find attached a copy of the abstract and the poster. Please let us know what you've found of these observations.

Best regards,

Jaqueline

Dear Dr Issa

I see that you presented an abstract at the SRNT meeting in Toronto on Effectiveness of varenicline in combination therapy in a real life stting. I would be interested in receiving an abstract or a poster of this presentation that looks to be very good work.

Thanks in advance

Karl Fagerstrom
